FUNCTIONNAL SKILLS

- Requirement gathering
- Needs analysis
- Desing and estimation
- Debugging

PERSONAL QUALITIES

- Self-taught
- Autonomous
- Teamwork-orientied

TECHNICAL SKILLS

Java, PHP

C#, .NET

C, C++

PostgreSQL, Oracle,
MySQL

Git

LANGUAGES

English

French

Malagasy

EXPERIENCE

Professional Experience :

● Grafiky Print Quotation Management

June 2024 – November 2024 : (BICI)

Objective: Development of a real-time system for tracking orders and production flows for Grafiky, a digital printing company under the ONET group.

Key Contributions:

- Participated in the development of new features.
- Designed and implemented user pages.
- Enhanced the functionality of existing pages.
- Conducted code reviews to ensure quality standards.
- Worked within an Agile/Scrum methodology.

Technical Environment:

Java, JSP, Oracle, Git

● Embedded Task Manager

June 2024 – August 2024 : (ASTEK - Reskilling)

Objective: Development of a project management platform allowing users to create, edit, and assign tasks.

Key Contributions:

- Designed the reporting and statistics module.
- Developed the user interface (QML).
- Built and tested the reporting module (QT C++).
- Optimized the reporting module.
- Prepared for deployment on Raspberry Pi 4.
- Deployed and tested the system on Raspberry Pi 4.

Technical Environment:

C++, Linux, Sockets, Qt, QML, SQLite, GTest

Academic projects :

● **Online Car Sales Platform**

Objective: Designed and developed a web platform for car sales, enabling users to browse, compare, and purchase new and used vehicles.

Technical Environment:

PHP, CodeIgniter, MySQL

Formation

- December 2025 - Now
IT University Andoharanofotsy
Master 1 in Computer Science
- September 2021 - June 2024
IT University Andoharanofotsy
Bachelor's Degree in Computer Science (Programming)
- 2021
Baccalaureate (Science D Series)
- 2019
IEFPA ACEEM
IT Programming Training
